Intrepid & Circle Line Cruise

Saturday, July 27

Our travel today takes us to NYC. Our first stop will be the **Intrepid Sea, Air and Space Museum** where we will enjoy our boxed lunch in the ships galley. This museum is centered on the aircraft carrier Intrepid (CVS-11), one of the most successful ships in US history, and now a national historic landmark and one of the most unique attractions in New York City. In 1943, Intrepid was commissioned and served proudly in World War II. She went on to serve as one of the primary recovery vessels for NASA, three tours of duty off Vietnam, and submarine surveillance in the North Atlantic during the Cold War. Today she continues her service as a premier educational center and a monument to all who have served our nation in uniform. Our next stop will be at the **Circle Line Cruises** where we will take a two-hour cruise. During your cruise you will circumnavigate Manhattan Island—three rivers, seven bridges, five boroughs, over 25 renowned landmarks, and a magnificent close-up of the Statue of Liberty. What a great way to see New York City.

Ride the Buckeye Rails

**Tuesday-Thursday
June 4-6**

Day One

Check into our hotel the **Quaker Square Inn at the University of Akron**, considered one of the most unique hotel complexes in the United States. Dinner tonight will be included at the **Trackside Grill** within the hotel. This unique restaurant is built in and around the authentic, original Broadway Limited Railroad Cars, that ran in 1938, from Chicago to New York City. Enjoy dinner surrounded by hundreds of antiques and railroad memorabilia of a bygone era when the mighty Steam Engine was King of the Road.

Day Two

After breakfast (included) at the hotel we will depart for the **Dennison Depot Museum**. This houses a WWII museum, railroad gift shop, as well as the restaurant. This is where you will find out why they called it “Dreamsville” during WWII. Our next stop will be at **Warther Carvings** where we will have a Hobo lunch (included) at the **Gazebo**, in the lower parking lot, by the caboose. We will also take a ride on the **Canton Akron Flyer**. Travel the urban countryside between the cities of Akron and Canton by rail, just as they did when the tracks were originally built in 1880. Dinner tonight (included) will be at the **Pufferbelly Restaurant**. Located in nearby Kent, this historical building was constructed in 1875, serving as the main train depot within the area. Today, many people come to dine in the comfort of a former train station.

Day Three

We will begin our day with breakfast (included), then we will travel a short distance to take a ride on the **Cuyahoga Valley Scenic Railroad**. Enjoy a nostalgic train ride along miles of track, through the heart of the northern region of the Cuyahoga National Recreation Area, from Rockside to Akron. You will travel in vintage climate controlled coaches that offer you a picture window view of the park's natural beauty, and historic sites. Lunch today (included) will be at Union Station. It was built in 1927 and is still being used by Amtrak. Though there have been many facelifts to the building over the years, Union Station still looks much as it did in 1927. Most of the lighting fixtures are original and are in working order. A large amount of marble that was used in the 1927 design is still there today.

Steel City Cultural Getaway

**Friday-Sunday,
June 28-30**

Phipps Conservatory

Day One

Your senses will heighten as we make our first stop on this tour. In 1893, real estate and steel tycoon, Henry Phipps gifted the City of Pittsburgh with **Phipps Conservatory**. You will participate in a guided tour of this fourteen room Victorian era glasshouse, garden and tropical forest conservatory. Phipps Conservatory features lush exotic plants, palms, orchids, ferns and desert plants, as well as many special flower shows, exhibits, and a seasonal butterfly exhibit. Outdoor gardens and collections include the children's Discovery Garden, the new Edible Garden, Japanese Courtyard Garden, bonsai, perennials, annuals, medicinal plants and aquatic gardens. Following the tour of the Conservatory we will travel to dinner at **Buca di Beppo**. Enjoy an authentic Italian meal served family-style in Station Square before retiring for the evening. Our lodging is at the Best Western Parkway Center Inn in Pittsburgh.

Day Two

After a continental breakfast at our hotel, our day begins with a beautiful view of the City of Pittsburgh from the **Duquesne Incline** Upper Station. We will have a guided tour of the Station before riding the Incline to the Lower Station. Our motorcoach will pickup the group as our journey through Pittsburgh's history continues to the **University of Pittsburgh's Cathedral of Learning**. The **Nationality Rooms**, located in the Cathedral, are dedicated to the various ethnic groups which have made the Pittsburgh area their home. You will not want to miss the guided tour of this walk around the world. Our day is just getting started. The next stop on our Pittsburgh tour is the famous Strip District. The **Strip District** is a one-half square mile area in downtown Pittsburgh. Once a hub of produce warehouses due to its closeness to the Pennsylvania Railroad, the Strip is now known for produce and ethnic food stores, restaurants and coffee shops. You'll have some free time in the Strip District to explore and find the perfect restaurant for lunch (on own). Our afternoon activity is a guided tour of the **Frick Art & Historical Center**. Our group will take part in a guided tour of "Clayton," the family home of Henry Clay Frick. "Clayton" was the Frick's primary home from 1892 until 1905 when the family moved to New York City.

You will have some free time to explore the other buildings on the grounds-the Greenhouse, the Art Museum built by Helen Clay Frick to house her growing art collection, the Car & Carriage Museum where you can learn about the impact cars have had on Pittsburgh's history and the Museum Shop. Our day ends with dinner at **The Church Brew Works**. In 1993, the Bishop of Pittsburgh closed the doors of St. John the Baptist Church due to financial burdens and a decline in attendance. On August 1, 1996 The Church Brew Works reopened the doors of St. John's after converting the building into a microbrewery and restaurant. Enjoy dinner while observing how the renovations have incorporated many details of the original Church to the aesthetics of the Brewery.

Day Three

After checking out and eating breakfast at our hotel, our trek around Pittsburgh area ends with a guided tour of **Fallingwater**. In 1935, architect Frank Lloyd Wright designed Fallingwater for Edgar J. Kaufmann, a Pittsburgh department store owner. Come see the splendor of a vacation home designed around the surrounding nature and an example of a home built with a cantilever (a beam or other structural member that projects beyond its supporting wall or column). Our lunch will be a Burrito Bar at **Falls City Pub**.
